## -OUR HISTORY-

Silas Stone built the house in 1770 (what we know today as our main dining area, along with the upstairs). At the time it was the only house in the center of town built with bricks imported from England. Sometime between 1770 and 1830 it was known as the Joseph Upham Tavern. In 1830 the house was enlarged by adding a 2-story ell built of wood to the original home (what we know today as our entrance area and kitchen.) With the addition, the house now consisted of 19 rooms to accommodate a new private boy's high school. In 1837 the high school was suspended with the last known principal being Sylvester Judd, the well-known author of "Margaret." For the next 20 years there was no high school in town. Town physicians Dr. Spencer and Dr. Tobin then resided here until Elsa Stone, relative to the original Silas Stone later owned the house in 1946. Along with her father, a Harvard professor, they tutored young boys from the Boston area over the summer months. Since, then house has been the Country Mischief (1991- 2018) and now; KRO's on the Common.
